The papers of the country made great sport of Teddy, when he was president, because he was ever ready to lecture to anything and anybody, on any subject. But his strenuous successor in office, Mr. Taft, appears to be equally versatile. For the past few Sundays, while on his 13,000 mile trip, he has preached regular sermons—one in a Mormon church in Utah, and last Sunday at the laying of the cornerstone of a Universalist church in Oregon. Following the last sermon, he visited a Roman Catholic Sunday school and gave a five-minute talk to the children. It begins to look as if even Bryan's enemies would be willing for him to receive the next nomination, simply because Taft is "making good" with the people and the politicians alike.

ADDITIONAL LOCALS.

Fudger & Haynes—Soda Water Ice Cold.

The song of the saw and the hammer is heard on every hand.

For your Thanksgiving Turkey, see J. E. Alexander. Delivered at your door.

The telegraph office and the offices of Wright & Wright are being renovated and enlarged.

The DeLand Garage has recently built a large addition to their building, with cement floors.

Born—On Friday, October 1, to Mr. and Mrs. Crouch, on North Boulevard, a son; Dr. Vida Baerecke in attendance.

Mrs. Eva Bouchelle Neal, who spent several months in North Carolina, returned to her home in DeLand yesterday.

Born—On Wednesday, to Mr. and Mrs. John Cairns, Jr., a daughter, Dr. Vida Z. Baerecke attending physician.

The building of the new jail and sheriff's residence will add just so much more to the building activity at DeLand.

William Best has the contract for paving the streets in the new Bond Lumber Company Addition on South Boulevard.

Read the new adv. of the McCormick Lumber Company in this issue. This company is now prepared to furnish all kinds of lumber and building material.

Miss Harrison, who came from Georgia to sing for Miss Tucker during her meeting here, remained in DeLand, and is helping Judge McCrory with his office work for a few weeks.

Cards have been received announcing the marriage of Fay, youngest daughter of Mrs. Dr. Fowler, to Mr. Henry P. Wilkinson. The marriage took place at Havana, Cuba, October 2.

Mr. W. B. Lamb, of the Gulf Refining Company, spent Thursday afternoon in DeLand. The Gulf Company, which is doing a nice business here, will enlarge and improve their DeLand warehouse at once.

Mrs. Beatty and children, of Pittsburg, Pa., arrived in DeLand last Friday. They expect to remain here for several years. The two older girls will enter the high school, while the boys will be in the grammar school.

Dr. Armstrong, the eye specialist, will visit DeLand again October 8; office LaVilla—one day only.

Any one subject to eye or nervous trouble should see him.

Mr. and Mrs. Curtis Crenshaw arrived from Cincinnati the first of the week, and are located on East Indiana avenue. Mr. Crenshaw will make his headquarters in DeLand while attending to his duties throughout this section of the state.

Mr. Ellis, representing the Victor Safe Company, of Cincinnati, spent yesterday in DeLand. He came to call upon the directors of the First National Bank, who held a meeting last night and placed an order with him for a fine "burglar-proof safe" and a vault door, to be delivered at DeLand within sixty days. The directors expect the new bank to begin business by the first of January.

The laugh seems to be on Sheriff Ed Smith. Last Friday he, Judge Perkins and Commodore Allen, of Daytona, were made members of the Elks Lodge in Daytona. Will Allen, Sam Jordan, Geo. Fisher, Bert Fish and a few other special good friends went over to see that the Judge, the sheriff and the sailor got all that was coming to them—and they did. Not satisfied with abusing the high sheriff in the initiation, they have been giving him the ha! ha! this week. But Ed will get even when the next candidate is captured.

If the matter of locating the jail yard and making the proposed improvements had been referred to THE NEWS, we would have spent \$1,000 grading up the present lot and left the jail at its present location. Since, however, the matter was not left to THE NEWS, we cannot take such a pessimistic view of the matter as do some DeLand people. The location on New York avenue, immediately in the rear of the court house, will be much more convenient in transferring prisoners. There will be a handsome brick or stone residence built for the sheriff, with well-kept lawn in front, in the rear of the sheriff's residence will be a high stone wall and all around the back lot will be a stone wall, with the jail inside. The sheriff will have his family in this residence, which will be a guarantee that unusual noises and vociferous religious services will not be allowed. The front part of the lot will be an ornament to the street, and the jail will be practically out of sight.

Col. Thos. J. Murray, of New Smyrna, was in DeLand Monday and Tuesday, to appear before the Board of County Commissioners in the interest of the new road from Osteen to New Smyrna. The road as now proposed will go only a mile or two east of Lake Helen, and will use the splendid grade made a few years ago by Mr. Murray for the DeLand-New Smyrna road. When this road is completed and shelled it will give Orange county people an excellent opportunity of getting to the coast, and for a Sunday afternoon auto ride from Daytona to Smyrna along the Halifax, 15 miles; from Smyrna to Lake Helen, 20 miles, through the flatwoods; from Lake Helen to DeLand, 6 miles, besides the lakes and orange groves; and from DeLand to Daytona, 22 miles, through the flatwoods again—making a hard surface road of about 60 miles—will afford the people of Volusia county the finest hard road circuit in the State, if not in the entire South. Work on improving the road will be pushed to completion.

Cure For Tuberculosis.

A mining journal published at Scranton has been calling attention to the curious fact that in coal mining communities there is a marked deficiency in the mortality from tuberculosis as compared with that of other localities. This is a phenomenon that has also been observed in Great Britain, and attention has been drawn to it by B. H. Thwaites. According to Mr. Thwaites, the effects noted may be due to the physiological effects of carbon monoxide, for he finds that men engaged about blast furnaces and gas producers are peculiarly free from tuberculosis trouble.

Feeding Farm Hands.

Every farmer's wife knows what tremendous appetites farm hands usually have; but while they eat well they work well, too.

Here's a good suggestion about feeding farm hands. Give them plenty of Quaker Oats. A big dish of Quaker Oats porridge with sugar and cream or milk is the greatest breakfast in the world for a man who needs vigor and strength for a long day's work. The man that eats Quaker Oats plentifully and often is the man who does good work without excessive fatigue. There is a sustaining quality in Quaker Oats not found in other foods, and for economy it is at the head of the list. To meet needs of those in different climates Quaker Oats is packed in regular size packages and hermetically sealed tins; the latter for hot climates.

St. Barnabas Church.

Sunday school will be held next Sunday at 9:45 a. m. at St. Barnabas church. Opening services will be conducted by Mr. Appleton Lawrence.

A Tampa chauffeur exceeded the speed limit, ran into a telephone pole, wrecked the machine, throwing himself and two women out. One of the women was killed. The chauffeur was accused of being drunk when the "accident" happened. He was fined \$10.00 in court. Wonder if that is the price of a woman's life in Tampa?

Bids For Building County Jail and Sheriff's Residence—Volusia County, Florida.

Sealed proposals for furnishing material and labor for the erection, complete, of a brick County Jail and Sheriff's Res-

idence for Volusia County, Florida, will be received by the Board of County Commissioners of Volusia County, Florida, up to 12 o'clock noon on the 21st day of October, A. D., 1909, at the office of the Clerk of the Circuit Court in DeLand, Florida, and will be opened at 8 o'clock p. m. of the same day for consideration by the Board of County Commissioners.

Separate bids for steel and iron work and building will be entertained.

Plans and specifications will be furnished on application by the Clerk of the Circuit Court, DeLand, Fla.

A deposit of Certified Check for \$25.00 will be required, which will be refunded on return of plans and specifications in good condition.

Bidders will be required to deposit with their bids a certified check for 10 per cent of the amount of their bid. Check to be made payable to the County Treasurer of Volusia County.

The successful bidder will be required to make bond with some surety company doing business in the State of Florida in the amount of \$5,000.00 for the faithful performance of his contract. Bond to be made within 20 days after signing contract.

The Board of County Commissioners reserve the right to reject any and all bids.

All checks of unsuccessful bidders will be returned as soon as contract is awarded. Check of successful bidder to be returned on delivery of duly executed bond as noted above.
